Indicate the playing position – note rules below.

RULE: Rounds 1-7
 ALL 9 years modified players must rotate positions. A player cannot play the same position for a full game. They should experience rotation of positions based on their respective playing areas e.g. rotating attack; centre court and defence players in their respective playing areas (see example Point 14).

Each 9's game will be provided with two score sheets and goals should be recorded on the score sheet however, no competition points are allocated to the game.

Round 8 to end
 No or minimal rotation required. Positions no longer need to be recorded on the score sheet. Each 9's game will be provided with one score sheet and goals should be recorded on the score sheet however, no competition points are allocated to the game.

Leave blank if the player is not playing

Write in details of any players playing up (only two allowed per game) or playing across the grade e.g. from an 8 White team

TIP: Players CANNOT play below their registered age/grade (penalties apply) e.g. you can't play a player from the 9s in the 8s

TIP: Junior Players CANNOT play more than two ages above their registered playing age e.g. you can't play a player from the 8s in the 11's

All score sheets are pre-printed with registered player names. If the list of names is not correct, please see your Club Secretary asap.

No goals are recorded in the 9 Year competitions until after Round 8

Fill in details of who scored (filled in the score sheet) and have captains sign (this section is not compulsory) but junior captains like to sign the score sheet

Umpires should sign the score sheet

TIP: Score sheets need to be returned to Admin immediately after the game 😊
